

Standing Together to Fight for Better Pay in Local Government

UNISON, GMB and Unite the Union are balloting members on strike action to win a better pay deal for 2023/24 than that offered.

Local Government pay has already been reduced in real terms by 25% since 2010. This not only hits us all in the pocket, but it is creating a recruitment and retention crisis across many sectors in local government.

Imagine your pay being 25% higher!

Yet the 2023/24 pay offer is a further pay cut in real terms on every pay point.
